

## **WALK WITH HIM!**

By Mary Mayko

You said that we are to walk by faith and not by sight,  
To let Your reflection in us become a shining light!  
At times it seems things are *so dark and we really must rest*  
'Until we're able to rise to help others do *their* very best!

If we do not run ahead but wait and walk with Him,  
Surely faith will soar in our soul and we know we will win!  
What a blessing to Him and others our life will be,  
As we determine to stay faithful, loving and free!

Each new day we seek our Savior and our dear Friend,  
He will keep us from the bondage of strife and sin.  
What a witness as we walk with Him in victory,  
Throughout this life on Earth and on into Eternity!

When others see us walking in faith by the way we live,  
May it help them find Jesus and to Him, their hearts give!  
Walking in love by the Living Spirit of our God,  
Sealed by the Savior, and washed in His precious Bleed!

So come on now! Walk determined that you will be,  
All that God wants and has for both you and me!  
When we live for the LORD, our life here on earth  
Will be precious to our Jesus, and tremendous worth!

Be thankful for all the LORD has done for you,  
And then to others be helpful, loving and true!  
So, come walk with Him and obey whatever we are told,  
And one day we will walk with Him in that City of Gold!

## THE OLD GLORY

By Dan Price

Her design won, Betsy Ross, a needle worker by trade,  
And the first National American flag she made.

Five pointed stars and stripes, and colors of three,  
She made that flag to represent America the free!

It is known by Stars and Stripes, the Flag, and Old Glory  
This Flag in itself has a grand story.

It bares this Country's Nationality,  
America flies this colored cloth so proudly!

The Stars and Strips represent so much  
The United States blessed with God's special touch.

You give it a definite signal as you fly  
Our Freedom and its Liberty cry!

May you always stand tall and wave  
For the price was great as many gave,

You fly the sky and rest over those in the grave,  
But you speak for Liberty, the Free, America,  
The home of the Brave!

## **“AMERICAN SPIRIT, WHO AM I?”**

By Dan Price 2010

American Spirit, who am I?

I may be a veteran, making my stand  
Who does not mind giving a helping hand.

I might be your soldier son or military daughter  
Doing my duty far across the blue water.

I might be an unseen hero willing to die  
When I see the one who is helpless, too forlorn to cry.

I might be *your help* in time of need  
I'll probably be the nation who takes the lead.

American Spirit, that's who I am,

I am more than just Uncle Sam!

The Red, White and the Stars in the Blue

I'm the American Spirit that comes alive in me and you!

There are countries that burn effigies and our flag

*But who feeds the hungry and clothes the orphans that are in rags?*

American Spirit brings hope to ease heartaches

Tragedies that befall nations, such as Wars, Hunger and Earthquakes.

There were Terrorists that applauded at the fall of our twin towers

*Thinking* they were the stronger powers.

But we are not a nation to just sit back and take more

We are willing to defend, even if it means war.

There are disappointments in our present leader, and some from the past

But our American Spirit will hopefully last.

Mr. President, did you tell a lie

*We are still called a Christian Nation*, where God hears us, when we cry!

There are still people who believe in God

They believe in prayer and He guides the steps we trod.

American Spirit I am proud of who I am

Strong as a lion, gentle as a lamb.

American Spirit, American Land

Mirrors the One who long ago who stretched out His hands!
